No. 110. Read the following letter from the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chepauk, Madras, 7th January 1869, No. 1,308 :—

1. The new family quarters sanctioned in G. O., No. 2,948, dated 23rd September 1867, were yesterday handed ov[illegible] to me by the Barrack Department, but I observed that the verandah was not furnished with rattan blinds, and accordingly addressed the Barrack Master on the subject, and was informed that such blinds could not be supplied without the special sanction of Government.

2. As this verandah faces the east, and is therefore exposed to the full glare of the morning sun, the blinds are absolutely necessary for the health of the occupants of the quarters. I therefore have the honour to request that you will be good enough to solicit the sanction of Government for the supply (by the Barrack Department) of the blinds specified below, viz. :—

Blinds, rattan,	9 feet 6 inches	×	7 feet 9 inches	(Nos. 2.)
Do. do.	8 „ 8 „	×	10 „ 0 „	(„ 12.)
Do. do.	8 „ 8 „	×	9 „ 4½ „	(„ 6.)

3. I would also further request sanction for similar blinds to be supplied to the quarters on the Beach Road, occupied by the Sergeant Major attached to the College, where they are, if possible, more needed than in the new family quarters; for they are required to keep out the sand and dust so prevalent on the beach, in addition to warding off the heat and glare of the sun.

4. For this purpose three blinds of the dimensions given below would suffice :—

Blinds, rattan,	11 feet 6 inches	×	12 feet 6 inches	(Nos. 2.)
Do. do.	11 „ 6 „	×	11 „ 0 „	(„ 1.)

And I should be obliged by early orders on the subject, as the weather will soon be getting hot and trying for Europeans.

No. 111. ORDER THEREON, 3rd February 1869, No. 354.
